

ICT and Computing

Why not have a go at the downloadable tasks

Bits & Bytes

Inputs and Outputs

1. Study the list of devices below and then place a tick in the correct box if it is either an input or output device.

- i. Speakers input device output device
- ii. Printer input device output device
- iii. Scanner input device output device
- iv. Monitor input device output device
- v. Microphone input device output device
- vi. Mouse input device output device
- vii. Headphones input device output device
- viii. Barcode reader input device output device

Find the devices opposite in the word search below. Words may be horizontal, vertical or diagonal - in any direction.

b	q	h	w	s	p	e	a	k	e	r	s	r
a	t	y	e	d	m	o	n	j	t	o	r	z
r	x	c	v	a	b	n	m	k	l	p	t	g
c	v	s	w	r	d	f	g	h	j	k	n	e
o	c	v	c	a	w	p	y	g	f	y	t	n
d	l	k	j	a	h	g	h	f	d	s	a	o
e	z	x	c	v	n	b	n	o	m	l	k	h
r	l	k	j	h	g	n	f	d	n	s	w	p
e	p	j	u	y	t	j	e	h	g	e	f	o
a	m	n	b	v	c	x	j	r	g	f	s	r
d	p	j	u	q	w	e	d	f	g	c	x	c
e	g	p	r	j	n	t	e	r	z	h	f	j
r	l	k	j	j	e	s	u	o	m	r	t	m

2. Connect the peripheral devices below to the computer [CPU] using arrows. The direction of the arrow should show in which direction data and information travel. The first one has been done for you.
