

Pupil Premium Plan for 2020/21

“Disadvantaged” students defines a group of students who qualify for the Pupil Premium Grant. Ensuring the progress of these students is at the forefront of our planning and delivery of learning activities in the classroom and outside. The progress of all students, from their starting points, is monitored half termly via our Raising Attainment Group (RAG) but there will be particular emphasis in departments on the disadvantaged students, disadvantaged boys and particularly those who are more able.

Overarching principles

Disadvantaged students need aspiration, achievement and attendance.

Disadvantaged students are not an homogenous group.

Being “disadvantaged” does not equate to low ability.

Some disadvantaged students may need more support than others eg: those currently in receipt of Free School Meals, Looked After Children and those children who were formerly LAC

Disadvantaged students need to be making better progress than non-disadvantaged students as, typically, starting points for disadvantaged students with similar potential are further behind disadvantaged students.

The profile and understanding of disadvantaged students must therefore be high for all staff

What works to raise the aspirations and achievement of disadvantaged students, will raise the aspiration and achievement of all.

Barriers to Achievement

	Current Identified Barriers to future attainment	Indicators of barriers
CUR	Lack of cultural capital, wider experience and access to the curriculum	<ul style="list-style-type: none"> • Lack of cultural capital means that some PPG students find aspects of the taught curriculum harder to access • Less affluence means that some students might be unable to afford uniform, equipment to enable them to feel part of the school; Pupil voice shows the impact of this on disadvantage students' self-esteem and resilience • Less affluence means that some students are not able to access extra-curricular and enrichment activities where a parental contribution is required • For some students, importance and value of school and education has not been well modelled and is not encouraged • For some vulnerable PPG students, life outside of school adds extra pressures that mean coming to school is difficult and impacts on pupil attendance
ATT	Attending School	<ul style="list-style-type: none"> • Some lack of support for PPG students to get to school leading to persistent absence. This is significant (12% gap between disadvantaged/non-disadvantaged students across the school). • 4% worse overall attendance for disadvantage students • 5% more lates for disadvantaged students against non disadvantaged students.
ASP	Aspiration for self and the future	<ul style="list-style-type: none"> • Low aspiration for some PPG students leading them to place a low value on progress and/or settle for weak progress • Role models for some PPG students do not support aspirational life goals. • Lack of social and cultural capital for some DA students means that IAG about future career options and destinations is not so readily accessed
ACH	Attitudes to learning by all stakeholders limiting future achievement	<ul style="list-style-type: none"> • Staff knowledge of their students and their starting points to ensure quality first wave teaching supports disadvantaged pupils making positive Progress 8 over key stage 3 and 4. • Research suggests KS2 results for some students are lower for similar ability. Risk of gap between true potential (and assumed potential) continuing to grow and result in a risk of lower staff predictions and targets that under-estimate potential • Poor behaviour/attitude to learning by students masks true ability in some cases • PPG seen as one group/associated with LAP (when in fact we have PPG students across the attainment bands) • Low parental engagement from some parents • Specific needs identified in research of LAC and formerly LAC students. • Progress gap opening up between disadvantaged/non disadvantaged as students move into KS4

Priorities

Priorities for 2020/21 derived from 2019/20 Impact statement		
	Desired outcomes and how they will be measured	Success criteria
1	Outcomes for PPG students	
	Disadvantaged pupils achieve positive progress 8 figure	Disadvantaged pupils progress 8 score of +0.1 or better
	The gap between the percentage of students eligible for PP and other pupils achieving at least a grade 4 in English and mathematics, and at least a grade 5 in English and mathematics (the basics) to narrow by the end of KS4 compared to national disadvantaged gap	To narrow the gap between the percentage of disadvantaged and other pupils achieving at least a Grade 4 in English and maths from -20% (closed by 24% in 2018/9 but widened in 2019/20) To eliminate the gap between the percentage of disadvantaged and other pupils achieving at least a Grade 5 in English and maths from -19% (closed by 19% in 2018/9 but widened in 2019/20)
	Improve the progress made by high ability students eligible for PP.	Pupils that are identified as high ability given their KS2 prior attainment, make improved progress in all baskets, so that the progress 8 value improves at least half a grade per pupil (increase of 0.43) from +0.17 in 2019/20 (-1.21 (in 2018/9).
	Improve the progress made by students eligible for PPG in EBAC subjects	Disadvantaged students make improved progress in EBAC subjects, so that the progress 8 value improves to +0.1 per pupil (-0.25 in 2019/20)
	Improve the progress made by students eligible for PPG in open subjects	Disadvantaged students make improved progress in EBAC subjects, so that the progress 8 value improves to +0.5 per pupil (increase of 0.35 from +0.15 (in 2019/20).
2	Leadership and management of PPG students	
	Improve financial management of PPG fund to ensure spending is closely monitored and transparent, introduce constant review to ensure these funds provide support for and measurable outcomes for PPG students.	PPG funding is allocated in a transparent manner, so all spending can be reviewed for VfM. Year end and interim reviews conducted against SMART targets where they are possible and appropriate within the PPG plan. Specific funds and targets will be set at start of academic year
3	Behaviour, attendance and welfare for PPG students	
	Improve the percentage of school year attended for disadvantaged students An improvement to attitudes to learning (and so behaviours displayed) within the classroom contributed to and experienced by PPG students in the classroom environment	An increased attendance of 4.4% for disadvantaged students from that of 2019/20 (90.6%). Student voice for all students when asked "Is behaviour better at the academy?" rises from 95% (2018/9) to 98% Student voice for PPG students when asked "Is behaviour better at the academy?" rises from 86% (in 2018/9) to 95% - unable to survey in 2019/20 due to school closure. Rewards programme in place with 2 outcomes: <ul style="list-style-type: none"> • 0 average behaviour points gap between PPG/non-PPG • 8 'above and beyond'/pledge stickers weekly average per pupil
