Dear Parent/Carer

Re: Timetable Changes, January 2022

We are writing to inform you that there are some timetable changes taking place for Year 7 and Year 8 students.

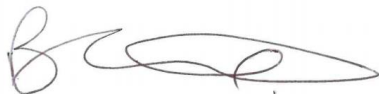

At Goole Academy, we understand how vital literacy skills are to your child's success. All students in Years 7 and 8 recently completed a GL assessment which allows us to monitor your child's reading and comprehension. GL produces detailed information that enables us to support our students with their reading progress. For our Year 7 cohort, it has been particularly important that we baseline test the year group using GL, given that SATs were not completed during their last academic year.

We want to make sure reading does not become a barrier for any of our students by providing extra support where it is needed and by placing students in classes with the appropriate level of challenge. Therefore, some class changes will be taking place based on the GL data to ensure that students are receiving the most appropriate provision. This could result in some timetable changes for your child which may affect several subjects. These changes will be taking place from **Tuesday 4th January 2022**.

We will continue to monitor and review the progress of students at regular intervals, enabling us to ensure that your child is in the appropriate class and their needs are continually being met.

If you have any further questions about these changes, please do not hesitate to get in touch by emailing our KS3 English Lead, Miss Sarah Wilson, at wilsons5@gooleacademy.org.uk.

Yours sincerely
